Adversarial Proceeding 16-3114

within core CASE: 16-bk-33185

Your Honor -

I saw you at one of the hearings in my involuntary Bankruptcy, so I presume you are aware of some of the complaints I am making about Judge McKittrick's intense hatred of me and the manner in which he is improperly applying Bankruptcy law to expropriate my money.

My concern now is the sham trial that is to take place on this coming Monday, August 26th. There is no question that judgment will be entered against me – and as a bonus for Judge McKittrick, I will probably drop dead (I mean really die) during the 3 days of trial.

Correspondence – Aug 23-2019 – pg. 1

1
2 I spent 40 days in the hospital July 10th – August 16th. I have
3 documented this in many of my papers. I have also made 16 applications
4 for stay of the August 26th trial, all of which have been rejected.
5

6 Judge McKittrick's mistake about how much documentation
7 University of California Medical Center attorneys allow to be disseminated
8 seems to be the hang-up in his mind. Seriously considered, physicians
9 and surgeons signing notarized attestations is wholly impractical because
10 a patient lawsuit might use such material to the hospital's detriment.
11
12

13 What the University of California Medical Center attorneys settled
14 on was a clear and concise "unable to work letter" – which is attached as
15 the last page of this letter and is also EXHIBIT 1 in my petition to the
16 District Court for a Writ of Prohibition to stop trial see Case # 18-cv-939
17 Document 51.
18
19

20 Without addressing the many other points in my Writ application,
21 the "unable to work letter" says-what-it-means and means-what-it-says:
22 until today 8/23 I have been unable to work on trial preparation matters.
23 Therefore and consequently, I am unprepared for trial.
24

1
2 I am writing this letter to you in hope that you might discuss the
3 possibility of a stay with Judge McKittrick and read my Writ application so
4 that you are well familiar with the profound injustice of a trial of a sick old
5 man who has been unable adequately to prepare for trial during 40 days of
6 hospitalization.

10 Most respectfully,
